

Subject: Information for new tenant

Electric-

Canoochee Electric Membership Corporation

912-557-4391

Not sure of address but it is off of Highway 96 going towards the house before it turns into a 2 lane road.

She will need to go up there and take the lease agreement for proof of residence and have a valid ID. The deposit was 55.00, and that was refunded and credited toward our last bill.

This is what our power bills were:

July-36.00 (half a month)

August-216.00

September-186.00

October-142.00

November-126.00

December-112.00 (3/4 of month and deposit was credited)

Average-136.34

Internet-

Century Link

1-877-702-3030

www.centurylink.com

Our monthly bill was 40.64

The number for the phone line that is already in the house is-912-369-8379, so she can use that number and wont have to get home phone service if she doesnt want to. She just has to call and they will mail her the modem and everything that she needs...we used the phone jack in the living room and that seemed to be the most convenient.

Cable

Direct TV

1-877-358-7536

She can bundle and save by getting direct tv through centurylink. She just needs to set up the cable and call centurylink and let them know that she has direct tv and they will reduce her direct tv bill about 10.00. When she calls she can also give them by account number since i was a direct tv customer and they might still credit her bill 100.00 because of the referral. Our account number was 51157247 and the name on account was Nakisha Johnson. Im not sure if they will or not since my account is closed now, but no harm in trying. Our monthly bill was 36.41. When she calls they will do a credit check and if her credit is good enough she wont have to put a depoist down for the equipment. If she does have to put down a deposit let her know that I still have 2 receivers and 1 remote control that I didnt have to send back and I would be willing to bring them to her and give them to her for free. Just let me know

Love you girl and I hope the new tenant loves the place just as much as we did.

Feel free to give her my number if she has questions

Nikki Johnson
